*Josie,*

*Just a note to thank you for introducing me to the magic of Colores mineral makeup. My skin has never felt better. It feels as if I don't have any makeup on at all. It's easy to apply and last all day.*

*I have also put the theory to test and slept with my makeup still on to find that it doesn't dry my skin out. I would recommend Colores to my friends. This Fabulous range of products that allows our skin to continue to radiate.*

*Josie,*

*I just wanted to say how much I appreciate the services that you provide. My regular massages are a highlight leaving me feel pampered and relaxed. The pedicure left me feeling like I was walking on a cloud.*

*I look forward to your visits into my home and really appreciate the fact that you come to me and I do not have to rush out and fight for parking spaces and then I can truly relax after your visit and not have to deal with traffic to get home again.*

Thank you

Jill Richards
